

Waterfront Loop

2.6 miles

This could be Portland's signature bike ride, featuring fountains, multiple public art installations, the Japanese American Historical Plaza, a 1200' floating bike/walk path, & stunning river and city views throughout. The Eastbank Esplanade opened in 2001, & Waterfront Park (west side) opened in 1978 after the removal of the Harbor freeway, reuniting Portlanders with their river.
